Forecast for Saturday 25 May 2024

Weather: Some mist and fog patches possible to start, though these dissipating quickly. A dry and fine day on Saturday with plenty of sunny spells, though cloud thickening later in the afternoon as rain approaches from the southwest for the evening, turning heavy into the night. Feeling warm in the sunshine.

Chance of cloud-free hill tops above 600m: 90%, lowering to 40% from late afternoon into the evening.

Low cloud and visibility: A chance of some mist and fog patches during the early hours, temporarily deteriorating visibility, however improving quickly with generally good to excellent visibility across scenic outlooks of the Park. Visibility becoming poor in rain during the evening, with cloud bases lowering to around 500-600m.
